

Suggested Finance Electives by Career Interest

Below are suggested electives based on career interests. These suggestions are non binding and these career interests do not appear on a transcript, diploma, or university curriculum. Students only need to meet the degree requirements and do not need to complete any particular group of electives to graduate. Be sure to check prerequisites. Other electives may be offered and if you are working fulltime in a paid finance role, you may be able to get internship credit with FINC 4920 (restrictions apply).

		FINC
